

Customer Journey Map

Date	24 June 2026
Team ID	xxxxxxx
Project Name	OptiCrop – Smart Agricultural Production Optimization Engine
Maximum Marks	2 Marks

Customer Journey Map

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Accesses the OptiCrop application • Reads project information • Navigates to crop recommendation page	• Enters soil and environmental parameters • Reviews entered values • Submits the form	• Views crop recommendation result • Analyzes suggested crop • Uses recommendation for decision-making
Touchpoint <i>What part of the service do they interact with?</i>	• Home Page • About Page • Navigation Menu	• Input Form • Soil Parameter Fields • Submit Button	• Recommendation Page • Result Display • Additional Information Section
Customer Thought <i>What is the customer thinking?</i>	• Can this system help me choose the right crop? • Is the application easy to use? • What information do I need to provide?	• Are my input values correct? • Will the recommendation be accurate? • How does the system generate predictions?	• Is this crop suitable for my land? • How reliable is this recommendation? • Can I improve my farming decisions using this result?

Customer Feeling <i>What is the customer feeling?</i>	Curious, Interested, Hopeful	Focused, Engaged, Expectant	Satisfied, Confident, Informed
Process Ownership <i>Who is in the lead on this?</i>	User	User & System	User & System
Opportunities <i>How can we improve this stage?</i>	• Add multilingual support • Improve user guidance • Provide tutorial videos	• Enable automatic data validation • Add tooltips for parameters • Integrate sensor-based input collection	• Provide fertilizer recommendations • Add crop yield prediction • Integrate weather forecasting services
